

90 cm Induction Hob, 2 multizone Modern Series

P905I2M30NV

This 90 cm induction hob is equipped with 5 induction areas. There are 9 power levels, plus a booster for each area that allows even faster cooking. A practical multi slider allows you to control all the cooking zones in a simple and intuitive way. The Multizone function combines two cooking zones to create a single larger zone, allowing the use of large pots or grills.

The hob is equipped with 3 specific functions that set exact temperatures for the interested area. The Melting function set the area at 45°C allowing you to melt food without overcooking it; the Keep Warm function set the area at 70 °C to heat the food without drying it; the Boiling function set the area at 85 °C to bring the water in the pot to a boil in the shortest possible time.

Specifications

Features

Worktop

Controls	multi slider
Size	90 cm
Number of induction zones	5
Worktop type	induction
Worktop design	ceramic glass bevelled
Worktop controls	touch controls
Timer	yes
Pause	yes
Recall	yes
Auto temperature settings	yes
Power levels	9 + booster
Safety induction cooktop	child lock / residual heat indicator / automatic switch off / overflow security

Cooking zones

Induction front left	2000 W (booster 2800 W)
Induction back left	1500 W (booster 2000 W)
Induction center	2300 W (booster 3000 W)
Induction front right	1200 W (booster 1500 W)
Induction back right	1500 W (booster 2000 W)

Technical specifications

Voltage and frequency	220/240 V - 50/60 Hz
Absorbed power (W)	9000 W
